

2019 Formulary | *Formulario*

(List of Covered Drugs / *Lista de Medicamentos Cubiertos*)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT SOME OF THE DRUGS WE COVER IN THIS PLAN

We have made no changes to this formulary since 10/04/2018. For more recent information or other questions, please contact SOLIS Health Plans Member Services at 1-844-447-6547 or, for TTY users, 711, Hours of Operation: October 1 – March 31, 8am – 8pm, 7 days a week, April 1 – September 30, 8am – 8pm Monday to Friday or visit www.solishealthplans.com.

ESTE DOCUMENTO CONTIENE INFORMACIÓN SOBRE ALGUNOS DE LOS MEDICAMENTOS QUE CUBRIMOS EN ESTE PLAN

No hemos realizado cambios en este formulario desde 04/10/2018. Para obtener información más reciente o para otras preguntas, póngase en contacto con servicios para miembros de SOLIS Health Plans al 1-844-447-6547 o para usuarios TTY , 711, horas de operación: 1° de octubre – 31 de marzo 8am – 8pm, 7 días por semana, 1° de abril – 30 de septiembre, 8am – 8pm, lunes a viernes o visite www.solishealthplans.com.

What is the SOLIS Health Plans Formulary?

A formulary is a list of covered drugs selected by SOLIS Health Plans in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. SOLIS Health Plans will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a SOLIS Health Plans network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by SOLIS Health Plans, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2019 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2019 coverage year except when a new, less expensive generic drug becomes available, when new information about the safety or effectiveness of a drug is released, or the drug is removed from the market. (See bullets below for more information on changes that affect members currently taking the drug.) Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. Below are changes to the drug list that will also affect members currently taking a drug:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to the SOLIS Health Plans Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug \ or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

The enclosed formulary is current as of 10/4/2018. To get updated information about the drugs covered by SOLIS Health Plans, please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page eight (8). The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “ ANTIHYPERTENSIVES”. If you know what your drug is used for, look for the category name in the list that begins below. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page (136). The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

SOLIS Health Plans covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** SOLIS Health Plans requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from SOLIS Health Plans before you fill your prescriptions. If you don't get approval, SOLIS Health Plans may not cover the drug.
- **Quantity Limits:** For certain drugs, SOLIS Health Plans limits the amount of the drug that SOLIS Health Plans will cover. For example, SOLIS Health Plans provides 30 per prescription for TRADJENTA. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, SOLIS Health Plans requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, SOLIS Health Plans may not cover Drug B unless you try Drug A first. If Drug A does not work for you, SOLIS Health Plans will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page eight (8). You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask SOLIS Health Plans to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the SOLIS Health Plans formulary?” on page four (4) for information about how to request an exception.

What are over-the counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. SOLIS Health Plans pays for certain OTC drugs. SOLIS Health Plans will provide these OTC drugs at no cost to you. The cost to SOLIS Health Plans of these OTC drugs will not count toward your total Part D drug costs (that is, the cost of the OTC drugs does not count for the coverage gap).

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that SOLIS Health Plans does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by SOLIS Health Plans. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by SOLIS Health Plans.
- You can ask SOLIS Health Plans to make an exception and cover your drug. See below for information about how to request an exception

How do I request an exception to the SOLIS Health Plan’s Formulary?

You can ask SOLIS Health Plans to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level [if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, SOLIS Health Plans limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, SOLIS Health Plans will only approve your request for an exception if the alternative drugs included on the plan’s formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30 day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

For more information

For more detailed information about your SOLIS Health Plans prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about SOLIS Health Plans, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day / 7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

SOLIS Health Plans Formulary

The formulary below provides coverage information about some of the drugs covered by SOLIS Health Plans. If you have trouble finding your drug in the list, turn to the Index that begins on page page (136).

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ELIQUIS and generic drugs are listed in lower-case italics (e.g., metformin).

The information in the Requirements/Limits column tells you if SOLIS Health Plans has any special requirements for coverage of your drug.

- **Limited Distribution (LD):** The symbol "LD" next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.
- **Non-Extended Day Supply (NDS):** You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs noted with "NDS" are limited to a 1-month supply for both Retail and Mail Order.
- **Prior Authorization (PA):** SOLIS Health Plans requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from The Plan before you fill your prescriptions. If you don't get approval, The Plan may not cover the drug.

- Prior Authorization Restriction for Part B vs Part D Determination (PA_BvD): This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from The Plan to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, The Plan may not cover this drug.
- Prior Authorization Restriction for New Starts Only (PA_NSO): If you are starting a new drug, you (or your physician) are required to get prior authorization from The Plan before you fill your prescription for this drug. Without prior approval, The Plan may not cover this drug.
- Quantity Limits (QL): For certain drugs, The Plan limits the amount of the drug that The Plan will cover. This could include a: per fill, daily, monthly, or yearly limitation.
- Step Therapy (ST): In some cases, The Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, The Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, The Plan will then cover Drug B.
- Step Therapy for New Starts Only (ST_NSO): If you are starting a new drug, you are required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
 - o Excluded Drugs (EX): This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug. Note that there is a quantity limit for these drugs.
 - o We provide additional coverage of this prescription drug in the coverage gap. Please refer to our Evidence of Coverage for more information about this coverage.

¿Qué es el formulario de SOLIS Health Plans?

Un Formulario es una lista de medicamentos cubiertos seleccionados por SOLIS Health Plans con la colaboración de un equipo de proveedores de atención médica, que representa los tratamientos con receta que se considera que son parte necesaria de un programa de tratamiento de calidad. Normalmente, SOLIS Health Plans cubrirá los medicamentos incluidos en el formulario, siempre que el medicamento sea médicamente necesario, el medicamento con receta se obtenga en una farmacia de la red de SOLIS Health Plans y se cumpla con otras normas del plan. Para obtener más información sobre cómo obtener sus medicamentos con receta, consulte la Evidencia de cobertura.

Para consultar la lista completa de todos los medicamentos con receta cubiertos por SOLIS Health Plans, visite nuestro sitio web o llámenos. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y la portada posterior.

¿Puede cambiar el Formulario (lista de medicamentos)?

En general, si usted toma un medicamento de nuestro Formulario para 2019 que estaba cubierto al comienzo del año, nosotros no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2019, excepto cuando esté disponible un nuevo medicamento genérico de menor costo, cuando se dé a conocer nueva información acerca de la seguridad o eficacia del medicamento, o el medicamento sea retirado del mercado. (Consulte los puntos a continuación para obtener más información sobre cambios que afectan a los miembros que actualmente toman el medicamento). Otros tipos de cambios en el Formulario, por ejemplo, la eliminación de un medicamento, no afectarán a los miembros que estén actualmente tomando el medicamento. Por el resto del año de cobertura, continuará disponible al mismo costo compartido para aquellos miembros que estén tomándolo. A continuación se incluyen cambios en la Lista de medicamentos que también afectarán a los miembros que actualmente toman un medicamento:

- **Nuevos medicamentos genéricos.** Podemos eliminar inmediatamente un medicamento de marca de nuestra Lista de medicamentos si lo reemplazamos con un nuevo medicamento genérico que aparecerá en el mismo nivel de costo compartido o en un nivel de costo compartido más bajo y con las mismas restricciones o menos. Además, cuando agreguemos el nuevo medicamento genérico, podemos decidir mantener el medicamento de marca en nuestra Lista de medicamentos pero inmediatamente moverlo a un nivel de costo compartido diferente o agregar nuevas restricciones. Si actualmente está tomando ese medicamento de marca, quizás no le informemos con antelación antes de que realicemos el cambio, pero más adelante le proporcionaremos información sobre los cambios específicos que hemos realizado.
 - Si realizamos un cambio, usted o la persona autorizada a dar recetas pueden solicitar nos que hagamos una excepción y sigamos cubriendo el medicamento de marca para usted. El aviso que le proporcionaremos también incluirá información sobre los pasos que puede tomar para solicitar una excepción, y usted también puede encontrar información en la sección a continuación titulada "¿Cómo puedo solicitar que se haga una excepción al Formulario de SOLIS Health Plans?"
- **Medicamentos retirados del mercado.** Si la Administración de Drogas y Alimentos considera que un medicamento de nuestro Formulario es inseguro o el fabricante del medicamento lo retira del mercado, eliminaremos de inmediato dicho medicamento de nuestro Formulario y les notificaremos a los miembros que toman el medicamento en cuestión.
- **Otros cambios.** Podemos hacer otros cambios que afectan a los miembros que actualmente toman un medicamento. Por ejemplo, podemos agregar un medicamento genérico que no es nuevo en el mercado para reemplazar un medicamento de marca que actualmente se encuentre en el Formulario o agregar nuevas restricciones al medicamento de marca o moverlo a un nivel de costo compartido diferente. O bien, podemos hacer cambios en función de las nuevas pautas clínicas. Si retiramos medicamentos de nuestro Formulario, o agregamos autorizaciones previas, restricciones de límite de cantidad o de tratamiento escalonado en un medicamento: o si pasamos un medicamento a un nivel superior de costo compartido, debemos notificarles a los miembros afectados por el cambio al menos 30 días antes de que entre en vigencia dicho cambio, o cuando el miembro solicite un resurtido del medicamento, momento en el cual el miembro recibirá un suministro del medicamento para 30 días.

El Formulario adjunto está vigente a partir del 04/10/2018. Para recibir información actualizada sobre los medicamentos cubiertos por SOLIS Health Plans, comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de la portada y la portada posterior.

¿Cómo utilizo el Formulario?

Hay dos formas para encontrar su medicamento dentro del Formulario:

Afección médica

El Formulario comienza en la página ocho (8). Los medicamentos de este Formulario están agrupados en categorías según el tipo de afección médica para cuyo tratamiento se los emplea. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca se enumeran dentro de la categoría “ ANTIHYPERTENSIVES”. Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que empieza en la página siguiente. Luego, busque su medicamento debajo del nombre de la categoría.

Listado alfabético

Si no está seguro de qué categoría consultar, debe buscar su medicamento en el Índice que comienza en la página (136). El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. En el Índice, están tanto los medicamentos de marca como los genéricos. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información acerca de la cobertura. Vaya a la página que figura en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

SOLIS Health Plans cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la Administración de Drogas y Alimentos (FDA) dado que se considera que tiene el mismo ingrediente activo que el medicamento de marca. Normalmente, los medicamentos genéricos cuestan menos que los de marca.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales de cobertura. Estos requisitos y límites pueden incluir:

- Autorización previa: SOLIS Health Plans exige que usted o su médico obtenga una autorización previa para determinados medicamentos. Esto significa que necesitará contar con la aprobación de SOLIS Health Plans antes de obtener sus medicamentos con receta. Si no consigue la autorización, es posible que SOLIS Health Plans no cubra el medicamento.
- Límites de cantidad: para ciertos medicamentos, SOLIS Health Plans limita la cantidad del medicamento que cubrirá. Por ejemplo, SOLIS Health Plans proporciona 30 por receta para TRADJENTA. Esto puede ser complementario a un suministro estándar para un mes o tres meses.
- Tratamiento escalonado: en algunos casos, SOLIS Health Plans requiere que usted primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa enfermedad. Por ejemplo, si el medicamento A y el medicamento B tratan su afección médica, es posible que SOLIS Health Plans no cubra el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, entonces SOLIS Health Plans cubrirá el medicamento B.

Para averiguar si su medicamento tiene requisitos o límites adicionales, consulte el Formulario que empieza en la página ocho (8). También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos en nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y tratamiento escalonado. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y la portada posterior.

Puede pedirle a SOLIS Health Plans que haga una excepción a estas restricciones o límites, o puede solicitarle una lista de otros medicamentos similares que puedan tratar su afección médica. Consulte la sección “¿Cómo solicito una excepción al Formulario de SOLIS Health Plans?” en la página (4) para obtener información acerca de cómo solicitar una excepción.

¿Qué son los medicamentos de venta libre?

Los medicamentos de venta libre (OTC) son medicamentos sin receta que, normalmente, no están cubiertos por un plan de medicamentos con receta de Medicare. SOLIS Health Plans paga por ciertos medicamentos de venta libre. SOLIS Health Plans le proporcionará estos medicamentos de venta libre, sin costo alguno para usted. El costo para SOLIS Health Plans de estos medicamentos de venta libre no se tendrá en cuenta para los costos totales de medicamentos de la Parte D (es decir, el costo de los medicamentos de venta libre no se tiene en cuenta para el período sin cobertura).

¿Qué pasa si mi medicamento no está en el Formulario?

Si el medicamento que toma no está incluido en este Formulario (lista de medicamentos cubiertos), primero debe comunicarse con Servicios para los miembros y preguntar si su medicamento está cubierto. Para obtener más información, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y la portada posterior.

Si resulta que SOLIS Health Plans no cubre el medicamento que toma, tiene dos alternativas:

- Puede pedir a Servicios para los miembros una lista de medicamentos similares que estén cubiertos por SOLIS Health Plans. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por SOLIS Health Plans.
- Puede solicitar que SOLIS Health Plans haga una excepción y cubra su medicamento. Consulte a continuación para obtener información sobre cómo solicitar una excepción.

¿Cómo puedo solicitar que se haga una excepción al Formulario de SOLIS Health Plans

Puede solicitarle a SOLIS Health Plans que haga una excepción a nuestras normas de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede pedirnos que cubramos un medicamento, incluso si no está en nuestro Formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado, y usted no podrá pedirnos que le brindemos el medicamento a un nivel de costo compartido menor.
- Puede pedirnos que cubramos un medicamento del Formulario a un nivel de costo compartido menor (si este medicamento no está incluido en el nivel de medicamentos especializados). Si se aprueba, esto reduciría el monto que usted debe pagar por su medicamento.
- Puede pedirnos que no apliquemos restricciones o límites de cobertura para su medicamento. Por ejemplo, para ciertos medicamentos, SOLIS Health Plans limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que hagamos una excepción al límite y cubramos una cantidad mayor.

Por lo general, SOLIS Health Plans solo aprobará su pedido de excepción si los medicamentos alternativos incluidos en el Formulario del plan, el medicamento de menor costo compartido o las restricciones de uso adicionales no fueran tan efectivos para tratar su afección o pudieran causarle efectos médicos adversos.

Debe comunicarse con nosotros para solicitarnos una decisión inicial de cobertura para una excepción al Formulario, o a la restricción de uso. **Cuando solicita una excepción al Formulario, o a la restricción de uso, debe presentar una declaración de su médico o de la persona autorizada a dar recetas que respalde su solicitud.** Por lo general, debemos tomar una decisión dentro de las 72 horas a partir de la fecha de haber recibido la declaración que respalda su solicitud por parte de la persona autorizada a dar recetas. Puede solicitar una excepción acelerada (rápida) si usted o su médico consideran que esperar 72 horas para la toma de la decisión podría perjudicar gravemente su salud. Si se le concede el trámite rápido de la excepción, debemos comunicarle nuestra decisión a más tardar dentro de las 24 horas después de haber recibido la declaración de respaldo de su médico o de otra persona autorizada a dar recetas

¿Qué debo hacer antes de hablar con mi médico sobre el cambio de los medicamentos que tomo o la solicitud de una excepción?

Como miembro nuevo o permanente de nuestro plan, es posible que esté tomando medicamentos que no están incluidos en el Formulario. También es posible que esté tomando un medicamento incluido en el Formulario pero su capacidad de conseguirlo sea limitada. Por ejemplo, puede necesitar nuestra autorización previa antes de poder obtener su medicamento con receta. Debe consultar con su médico para decidir si debe cambiar su medicamento por uno apropiado que nosotros cubramos o solicitar una excepción al formulario para que le cubramos el medicamento que toma. Mientras evalúa con su médico el procedimiento adecuado para seguir en su caso, podemos cubrir su medicamento, en ciertos casos, durante los primeros 90 días en que usted sea miembro de nuestro plan.

Para cada uno de los medicamentos que no están incluidos en el Formulario o si su capacidad para conseguir los medicamentos es limitada, cubriremos un suministro temporal para 30 días. Si su receta está indicada para menos días, permitiremos que realice resurtidos por un máximo de hasta 30 días del medicamento. Después del primer suministro para 30 días, no seguiremos pagando estos medicamentos, incluso si ha sido miembro del plan durante menos de 90 días.

Si es residente de un centro de atención a largo plazo y necesita un medicamento que no está en el Formulario o si su capacidad para conseguir los medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia del medicamento para 31 días mientras solicita la excepción al formulario.

Para obtener más información

Para obtener información más detallada sobre la cobertura para medicamentos con receta de SOLIS Health Plans, consulte la Evidencia de cobertura y otra documentación del plan. Si tiene alguna pregunta sobre SOLIS Health Plans, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y la portada posterior. Si tiene preguntas generales sobre su cobertura para medicamentos con receta de Medicare, llame a Medicare al 1-800-MEDICARE (1-800-633-4227), las 24 horas, los 7 días de la semana. Los usuarios de TTY deben llamar al 1-877-486-2048. O visite <http://www.medicare.gov>.

Formulario de SOLIS Health Plans

El formulario a continuación proporciona información acerca de la cobertura de algunos de los medicamentos cubiertos por SOLIS Health Plans. Si tiene alguna dificultad para encontrar el medicamento que toma en la lista, consulte el Índice que comienza en la página (136).

La primera columna de la tabla menciona el nombre del medicamento. Los medicamentos de marca están en letra mayúscula (por ejemplo, ELIQUIS, y los medicamentos genéricos están en letra minúscula y cursiva (por ejemplo, metformin).

La información incluida en la columna de Requisitos/límites indica si SOLIS Health Plans tiene algún requisito especial para la cobertura del medicamento.

- Distribución limitada (LD): el símbolo "LD" al lado del nombre de un medicamento indica que la Administración de Alimentos y Medicamentos ha señalado que el medicamento ha sido restringido a ciertas farmacias. Estos medicamentos solo pueden obtenerse en farmacias especializadas designadas capaces de manejar adecuadamente los medicamentos.
- Suministro no extendido para un día (NDS): es posible que pueda recibir un suministro de más de 1 mes de la mayoría de los medicamentos en su Formulario a través de pedidos por correo a un costo reducido. Los medicamentos anotados con "NDS" están limitados a un suministro de 1 mes para pedidos por correo o venta al por menor.
- Autorización previa (PA): SOLIS Health Plans requiere que usted o su médico obtengan una autorización previa para ciertos medicamentos. Esto significa que necesitará obtener la aprobación del Plan antes de surtir sus recetas. Si no obtiene la aprobación, es posible que el plan no cubra el medicamento.

- Restricción de autorización previa para la determinación de la Parte B frente a la Parte D (PA_BvD): este medicamento puede ser elegible para el pago de la Parte B o la Parte D de Medicare. Usted (o su médico) debe obtener una autorización previa del plan para determinar que este medicamento es cubierto por Medicare Parte D antes de surtir su receta para este medicamento. Sin aprobación previa, es posible que el plan no cubra este medicamento.
- Restricción de autorización previa solo para nuevos comienzos (PA_NSO): si está comenzando un nuevo medicamento, usted (o su médico) debe obtener una autorización previa del plan antes de surtir su receta para este medicamento. Sin aprobación previa, es posible que el plan no cubra este medicamento.
- Límites de cantidad (QL): para ciertos medicamentos, el plan limita la cantidad del medicamento que cubrirá. Esto podría incluir un límite por relleno, diario, mensual o anual.
- Terapia escalonada (ST): en algunos casos, el plan requiere que primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa afección. Por ejemplo, si el medicamento A y el medicamento B tratan su afección médica, es posible que el plan no cubra el medicamento B a menos que primero pruebe el medicamento A. Si el medicamento A no funciona para usted, el plan cubrirá el medicamento B.
- Terapia escalonada solo para nuevos comienzos (ST_NSO, por sus siglas en inglés): si está comenzando un nuevo medicamento, primero debe probar ciertos medicamentos para tratar su condición médica antes de que cubramos otro medicamento para esa condición.
- Medicamentos excluidos (EX): este medicamento recetado generalmente no está cubierto en un plan de medicamentos recetados de Medicare. La cantidad que paga cuando surte una receta para este medicamento no se considera para el costo total de sus medicamentos (es decir, la cantidad que paga no lo ayuda a calificar para la cobertura catastrófica). Además, si recibe ayuda adicional para pagar sus medicamentos recetados, no recibirá ninguna ayuda adicional para pagar este medicamento. Tenga en cuenta que hay un límite de cantidad para estos medicamentos.
- Ofrecemos cobertura adicional de este medicamento recetado en la brecha de cobertura. Consulte nuestra Evidencia de cobertura para obtener más información.
